WHAT PARENTS SAY

I've seen my son's social and speech skills truly thrive. My 3-year-old has grown academically in both confidence and independence in just a few months. The teachers are caring, energetic, fun, and always interacting with the kids. My son is in a positive, meaningful space he is excited to be in. Fun, caring, and safe learning environment for your preschooler! I would highly recommend Genesis Preschool in Goddard, KS.

I can't say enough great things about this Genesis program! From the moment we walked in, I was impressed with Ms. Ashley and the atmosphere she has created. The staff is wonderful—kind, attentive, and truly dedicated. My daughter has thrived and loves going every day! I feel at ease knowing she is in great hands. The educational curriculum keeps her engaged and growing every week as well. I highly, highly recommend Genesis to any parent considering child care. I would give them more than five stars if I could! I love this place—and more importantly, my daughter does too.

Ms. Ashley and Ms. Jackie are the most amazing people! These ladies are so positive and show so much warmth, kindness, and structure to my son. He loves going to preschool and gets so excited when we arrive! As a parent, I truly appreciate the daily updates, pictures, and kind words that are always shared. I only wish we would've started here sooner.
