

# Shawnee Members

June 20, 2018

Dear Shawnee Members:

Genesis Health Clubs takes great pride in providing a world-class exercise experience to our members. As a rule, Genesis Health Clubs owns all its facilities. This enables us to renovate, remodel and enhance our locations to provide state-of-the-art fitness for our members. This was the original plan at the Shawnee location. Unfortunately, we were unable to purchase this building.

As a result, we recently acquired our new KC Racquet Club location (formerly known as World Gym), a premium tennis facility close to our Shawnee club. In the time we have spent at KC Racquet Club, we have already added many new amenities and upgrades, and we are just beginning. We plan to consolidate resources to provide a club with truly exceptional amenities and the most cutting-edge fitness experience. Owning the KC Racquet Club will allow us to transform this staple of fitness and tennis in Kansas City into something truly special for you.

Accordingly, the Shawnee club will be closing its doors permanently on Friday, June 22nd at 9:00 p.m. Group Exercise will run all day, but strength and cardio equipment will be moved and may be limited starting in the late morning.

The KC Racquet Club, less than two miles away, features nearly all the amenities formerly available at Shawnee, plus a brand-new indoor cycling studio, as well as twelve indoor and outdoor tennis courts and an outdoor pool. In addition to the KC Racquet Club, your membership includes access to fourteen other clubs in the greater Kansas City area, including the recently renovated Ward Parkway club, which will give you a small preview of what's in store for the KC Racquet Club.

A multi-million-dollar remodeling project will start soon that will bring an indoor swimming pool, new strength and cardio equipment, premium locker rooms and towel service. In addition, the entire facility will receive a complete overhaul with new paint, flooring and artwork for an energizing fitness experience.

It is expected that after this remodeling is complete, the facility will be upgraded to a Premier location, which typically has rates of \$20 more per month than our Gold locations. However, Shawnee members will receive access to KC Racquet Club for the entire life of their memberships at no extra charge.

If you are currently training with a personal trainer, your trainer will be available at KC Racquet Club to continue your sessions. You'll see the same friendly faces from both the Personal Training and Group Ex departments. If you have questions or concerns about your membership, please speak to a Fitness Advisor or call 913-214-0208.

We apologize for any inconvenience this may cause. We are committed to delivering you all the options you need and we will use these consolidated resources to give you the best fitness facilities and experience Kansas City has ever seen. Please be patient as you see clubs across Kansas City upgrading and adding amenities.

Yours in Health,
